

FL40-3 Liner

Now with pulse function for use with receiver FR 55 or FR 55-M

- Laser cross
- Vertical laser line at 90° to laser cross
- 3 visible laser lines individually selectable
- Magnetic damping
- Locking device for safe transport
- Visual and audible alarm when out of level
- Use with receiver FR 55/ FR 55-M (optional) to extend the working range up to 60m

TECHNICAL DATA

Self-levelling range (side / side)	± 3,5°
(forward / backward)	± 3,5°
Damping system	magnetic
Accuracy	± 3mm/10m
Working range without receiver Ø	10m*
Working range with receiver Ø	60m*
Operating time	15 h
Power supply	3 x 1.5 V AA
Visible laser diodes	3 x 635 nm
Laser class	2M
Weight	0,8 kg

* depending on room illumination

SUPPLIED WITH

Wall/tripod-mount, set of batteries, magnetic target, laser intensive glasses, padded carrying case
