

Theodolite FET 500

- Ideal for the alignment of construction elements and setting out angles
- Built-in optical plummet
- Telescopic bubble
- Circle orientation device
- Available in 400 gon or 360°

TECHNICAL DATA

Magnification	20 x
Objective aperture	30mm
Shortest focussing distance	1,2m
Direct reading	0.1 gon
Estimation	10 mgon
Weight	2,0 kg

OPTIONAL ACCESSORIES

Eyepiece prisms for steep angle sighting and tubular compass on request
